Good morning All,

Do you have access to the share drive, all documents are listed under:

Y:\0233-(b)(6) \FY23\ (b)(6)
 \N6449823P5086_101-0010

Did each company submit a document responding to our original RFQ with these quotes?- Each company signed the RFQ agreeing to the terms and conditions and also provided Capability Statement

Can you send us copies of all of those documents? - Attached are the unacceptable quotes, I will send another email with the acceptable quotes.

Were there any other submissions from companies other than those nine? Six unacceptable quotes (attached)

For selection, did someone simply choose the lowest quote, or were other criteria applied in making the selection? Tech code 1016 reviewed each Capability Statement and provided comments back to the specialist as to whether the quoter provide information as to how they will accomplish the required task (SOW).

Who made that selection, and how was the selection documented? Once the tech code provided evaluation the

contract specialist choose the lowest quote for award.
